## Information and Guidelines for Stallholders

Rubbish – please take all your rubbish home with you as there are no facilities at this site.

Hand-washing Facilities – stalls holders selling open prepared food stuffs are responsible for providing their own hand-washing facilities. A portable shared hand wash unit is situated with the Strathmore and the Glens stall and is for emergency purposes only.

Toilet Facilities – there are public toilets at the Wellmeadow. Sorry but we can do nothing about the charge.

Vehicles loading and unloading – Is subject to normal parking restrictions. Access to the market to unload stock before the market (and to load items afterwards) involves parking in bays limited to 30 minutes. Please be considerate towards other road users and minimise the disruption to your fellow stall holders and the public. Strathmore & the Glens cannot be held liable for any parking penalty incurred. The market closes for trading at 3:00pm, stalls must be vacated by 3:30pm, after which a penalty may be levied.

Early Departure – trading hours of the market are 10am – 3pm. However, should you wish to leave the market early you must first obtain permission from the Market Manager. If you have sold out of stock you may leave early but you must put a notice on the stall stating sold out and the time.

Parking for Stall Holders – There is a free parking area adjacent to the bus station opposite the Wellmeadow and also behind the Angus Hotel and Co-Op. All on road parking in the immediate vicinity of the Wellmeadow and surrounding streets is restricted. We understand the loading and unloading difficulties associated with this venue but it does mean that we do not have to pay for road closures and this assists in keeping the stall hire charges low.

Trading Names - producers should display trading names clearly on their stalls, together with a contact name and telephone number.

Electrical Equipment - Producers should bring their own chillers, refrigerators, cooking equipment, etc, as required. Electricity supplies are limited and may require long extension cables and protectors. Stallholders using electricity or other power sources have to ensure they use appropriate trip hazard prevention, safe fuel use and other safety requirements as appropriate, including suitable fire extinguishers. All gas or electric equipment must have an up-to-date inspection certificate or label. An extra fee may be required for use of on site electricity, Perth and Kinross Council may be charging for electricity use from 2018 onwards, at present the rates are unknown.

All fees payable for participation in the market must be paid one week in advance, or on receipt of invoice, which will be posted two weeks before each market date. Please note that if less than seven days notice is given for cancellations you will be liable for the full fee unless an alternative vendor is found. Please also note that we hold your details on a database and we exchange information with Trading Standards and Environmental Health as required. Stallholders booking a stall and failing to turn up are still liable for the stall fee. If paying fees by electronic or bank transfer please advise the organisers with a remittance receipt one week in advance of the market date.

Allocation of stalls may be prioritised to businesses in the local area. There will normally be a maximum of two stalls in each produce or activity category. Two vendors may jointly hire a stall at the discretion of the Market Manager. Whilst every effort will be made to allocate a regular position this may not always be possible. The allocation of the stalls is at the discretion of the Market Manager. The standard stalls are table style, but we can offer places in a large gazebo. Single vendor hiring of the gazebo is double the normal stall rate and vendors are responsible for providing their own display stands.

You must comply with the Hygiene Regulation (Regulation EC 852/2005, and Regulation EC 853/2005), Cosmetic Product Safety Regulations, the Food Safety Act 1990, Civic Government (Scotland) Act 1982 – Conditions for Food Vendors, and the relevant Trading Standards legislation. If in doubt you must contact the relevant Regulatory Office. The market is liable to be inspected with no notice by Trading Standards, Food Safety and other officials. It is in your interests to keep a copy of all relevant public and product liability insurance, training certificates, licences, product ingredients and so on and have them available on demand. All weights and Measures regulations must be complied with. Stall holders are responsible for compliance with all relevant legislation. Any equipment used must have appropriate gas, electrical or mechanical safety testing up to date. The Market Manager may require sight of all documentation and at their discretion may ask an inadequately certificated or equipped vendor to leave.

Stall Holders must have an appropriate clearly labelled first aid box with a supply of coloured dressings.
